Dear Aunt Anne

I have just had an interview with the Rev. Dr. Farnham who seems to be well acquainted with the Jackson Brothers, and am glad to report that he has every confidence in their good management and in their integrity - I've known Farnham from his college days and so far as his honor or honesty is concerned. I have not the smallest question - He has made some investments with the Jacksons but is not otherwise interested.

You have a right to demand explicit statements from them, and if they have a clean business they should be able to make clear statements.

The one question which I had and now have, is their lurid representations as to profits which the investors must make - in the very nature of things. No one could drive through those miles of plowed fields as far as the eye could reach on every side and not have some question as to their exuberant confidence that they were just on the verge of being densely populated with the overflow of New York and Brooklyn.

But Harbham is a good man - he has a wide knowledge of Long Island properties and he is secretly confident - So then you are -

Maggie is having her mouth, teeth reconstructed and is rather "out of commission"

Most Affectionately
George.
